**6.With reference to Tangkhul Hui (Haofa), consider the following statements:**

1. It is an indigenous breed of Manipur.
2. It is known more for stamina than speed.

**Which of the statement/s given above is/are correct?**

- A) 1 only
- B) 2 only
- C) Both 1 and 2
- D) Neither 1 nor 2

**Answer: C**

- Assam Rifles is planning to induct two indigenous dog breeds—Tangkhul Hui (Manipur) and Kombai (Tamil Nadu) into its dog squad.
- Tangkhul Hui (Haofa) is an indigenous working dog traditionally raised by the Tangkhul people in Ukhrul district (Manipur), historically used for hunting.
- Highly disease-resistant and known for strong stamina rather than speed.

**7.The International Military Adventure Challenge Cup (IMACC) 2026 will be organised by the Army of which nation?**

- A) India
- B) China
- C) United States
- D) United Kingdom

**Answer: A**

- The Indian Army will host the first-ever International Military Adventure Challenge Cup (IMACC) 2026 between the 18th and 23rd of February in the foothills of the Eastern Himalayas.

**8.The Khorramshahr-4 (Kheibar) missile belongs to which country?**

- A. North Korea
- B. Iran
- C. China
- D. Pakistan

**Answer: B**

- Iran recently released dramatic footage of its Khorramshahr-4 ballistic missile — one of Tehran's most powerful medium-range missiles — as tensions with the United States continue to rise.
- Also known as the Kheibar missile, it is a medium-range ballistic missile developed by Iranian state-owned defence company Aerospace Industries Organization (AIO).

**9.The International Fleet Review, Exercise MILAN and the Indian Ocean Naval Symposium (IONS) Conclave of Chiefs will be jointly held in which city?**

- A) Kochi
- B) Mumbai
- C) Visakhapatnam
- D) Chennai

**Answer: C**

- The International Fleet Review, Exercise MILAN and the Indian Ocean Naval Symposium Conclave of Chiefs will be held in Visakhapatnam from February 15 to 25.
- This will be the first time India hosts all three major maritime events together.
- India has hosted the review twice earlier, in Mumbai in 2001 and in Visakhapatnam in 2016.

**10.The World Defense Show (WDS) 2026 will be hosted by which country?**

- A) Saudi Arabia
- B) United Arab Emirates
- C) Qatar
- D) Bahrain

**Answer: A**

- The World Defense Show (WDS) 2026 is the third edition of a premier international defense exhibition founded by Saudi Arabia's General Authority for Military Industries (GAMI).
- It is scheduled to take place from February 8–12, 2026, in Riyadh, Saudi Arabia.

**11.Exercise Vayushakti will be conducted in which State?**

- A) Gujarat
- B) Punjab
- C) Rajasthan
- D) Haryana

**Answer: C**

**Exercise Vayushakti on February 27**

- Host / Location: India | Pokaran Field Firing Range, Rajasthan
- Participants: Indian Air Force (IAF) units from across the country

**12. Operation Kiya is being conducted in which State/Union Territory?**

- A) Himachal Pradesh
- B) Punjab
- C) Uttarakhand
- D) Jammu and Kashmir

**Answer: D**

- Operation Kiya is a joint [counter-terrorism operation](#) launched by Indian security forces to neutralise terrorists hiding in remote forest areas of Jammu and Kashmir.
- Aim: To track, contain, and eliminate infiltrated terrorists while preventing their movement across districts and safeguarding civilian areas.

**13. The joint exercise Agni Pariksha was conducted between:**

- A. Indian Army and Border Security Force (BSF)
- B. Indian Army and Central Reserve Police Force (CRPF)
- C. Indian Army and Indo-Tibetan Border Police (ITBP)
- D. Indian Navy and Indian Coast Guard

**Answer: C**

- The Indian Army and Indo-Tibetan Border Police recently conducted Agni Pariksha in Arunachal Pradesh .
- It is a joint training exercise involving personnel from the Indian Army and the Indo-Tibetan Border Police (ITBP).

**14. Yantra India Limited (YIL) has been granted \_\_\_\_\_ status.**

- A) Navratna
- B) Miniratna Category-II
- C) Miniratna Category-I
- D) Maharatna

**Answer: C**

- Raksha Mantri Shri Rajnath Singh has approved the grant of 'Miniratna' Category-I status to Yantra India Limited (YIL)
- The YIL is one of the newly formed Schedule 'A' DPSUs functioning under the administrative control of the Department of Defence Production.

**15. The 'Bharat Ranbhoomi Darshan' expedition is being undertaken in collaboration with which forces?**

- A) Indian Army and Central Reserve Police Force
- B) Indian Navy and Border Security Force
- C) Indian Air Force and Indo-Tibetan Border Police
- D) Indian Coast Guard and Assam Rifles

**Answer: B**

- The 'Bharat Ranbhoomi Darshan' expedition was flagged off from the coastal city of Dwarka
- The expedition is being undertaken in collaboration with gunners of the Indian Navy, and the Border Security Force (BSF).

**16. Consider the following statements regarding Exercise KHANJAR:**

1. The 13th edition is being conducted in Assam.
2. The exercise is conducted once every two years.

**Which of the statement/s given above is/are correct?**

- A) 1 only
- B) 2 only
- C) Both 1 and 2
- D) Neither 1 nor 2

**Answer:**

- The 13th edition of the joint military Exercise KHANJAR between India and Kyrgyzstan begins recently at Misamari in Sonitpur district of Assam from February 4 to 17
- Exercise Khanjar was first initiated in December 2011, in Nahan, India.

- Since then, the exercise has been held alternatively in India and the Kyrgyz Republic every year.

**17. MILAN Village was inaugurated at:**

- A. Eastern Naval Command, Visakhapatnam
- B. Southern Naval Command, Kochi
- C. Western Naval Command, Mumbai
- D. Andaman & Nicobar Command, Port Blair

**Answer: A**

- The Indian Navy inaugurated the MILAN Village at the Eastern Naval Command in Visakhapatnam as part of its flagship multilateral exercise, Exercise MILAN 2026.
- the MILAN Village embodies the theme “Camaraderie, Cooperation, Collaboration,”
- The initiative aims to promote social and cultural exchanges alongside professional naval cooperation,

**18. India is hosting the inaugural United Nations Fellowship Training Programme on Small Arms and Light Weapons (SALW) Control for the \_\_\_\_\_ region.**

- A. Europe
- B. Africa
- C. Asia-Pacific
- D. Latin America

**Answer: C**

- India is hosting the inaugural United Nations Fellowship Training Programme on Small Arms and Light Weapons (SALW) Control for the Asia-Pacific region for the first time in Asia.
- It is a three-week capacity-building initiative aimed at strengthening government expertise in controlling the illicit trade and misuse of small arms and light weapons.

**19. The Royal Indian Navy Revolt took place in:**

- A. 1942
- B. 1945
- C. 1946
- D. 1947

**Answer: C**

- February 18, 2026 marks the 80th anniversary of the 1946 Royal Indian Navy (RIN) Revolt, a major uprising against British rule.
- The Royal Indian Navy (RIN) Revolt was a five-day armed uprising (February 18–23, 1946) by Indian naval ratings against British colonial authority.

**20. The Cadet Training Ship ‘Krishna’ is built by:**

- A. Larsen & Toubro Shipyard
- B. Garden Reach Shipbuilders & Engineers
- C. Mazagon Dock Shipbuilders Limited
- D. Cochin Shipyard Limited

**Answer: A**

- The first of three indigenous Cadet Training Ships, being built by M/s L&T Shipyard for the Indian Navy, was launched, Named ‘Krishna’, the ship pays tribute to the River Krishna, the third longest river in the country.

**21. Consider the following statements regarding Exercise Vajra Prahar:**

1. The 16th edition is being held in Jammu & Kashmir.
2. It is conducted between the Indian Army and the US Army.

**Which of the statement/s given above is/are correct?**

- A. 1 only
- B. 2 only

- C. Both 1 and 2  
D. Neither 1 nor 2

**Answer: B**

- The Indian and US armies will hold the 16th edition of joint Special Forces exercise, Vajra Prahar, at the Special Forces Training School, Bakloh, Himachal Pradesh.
- Duration : February 23 to March 15.
- It is the joint Special Forces exercise between the Indian Army and US Army.

**22. Consider the following statements regarding the Indian Ocean Naval Symposium (IONS):**

1. India assumed the Chairmanship of IONS in 2026.
2. India held the inaugural chairmanship of IONS during 2008–2010.

**Which of the statement/s given above is/are correct?**

- A. 1 only  
B. 2 only  
C. Both 1 and 2  
D. Neither 1 nor 2

**Answer: C**

- India assumed the Chairmanship of the Indian Ocean Naval Symposium (IONS) during the 9th Conclave of Chiefs held in Visakhapatnam in February 2026.
- The Indian Ocean Naval Symposium (IONS) is a voluntary, inclusive and multilateral maritime forum that promotes cooperation among navies of the Indian Ocean Region (IOR).
- History: India held the inaugural chairmanship (2008–2010).

**23. Consider the following statements about Exercise MILAN:**

1. It is being held at Visakhapatnam.
2. It is hosted by the Indian Coast Guard.

**Which of the statement/s given above is/are correct?**

- A. 1 only  
B. 2 only  
C. Both 1 and 2  
D. Neither 1 nor 2

**Answer: A**

- Raksha Mantri interacted with Navy Chiefs and delegations from nine ASEAN countries during the MILAN 2026 Naval Exercise held in Visakhapatnam.
- MILAN is a multilateral naval exercise initiated by the Indian Navy to enhance maritime cooperation, interoperability and trust among friendly navies in the Indo-Pacific region.
- Host: Hosted by the Indian Navy

**24. The CJ-1000 hypersonic missile has been developed by which country?**

- A. United States  
B. Russia  
C. China  
D. France

**Answer: C**

- China recently showcased the CJ-1000, a land-based scramjet-powered hypersonic missile, during a military parade in Beijing.
- It is a road-mobile hypersonic cruise missile developed by China.

**25. Exercise Agni Varsha, conducted by the Indian Army, was held in which state?**

- A. Gujarat  
B. Rajasthan  
C. Haryana

D. Punjab

**Answer: B**

- The Indian Army, under the aegis of Headquarters Southern Command, conducted Exercise Agni Varsha at the Pokhran Field Firing Ranges in Rajasthan's Jaisalmer.
- **The exercise will be conducted from February 24 to March 9.**

26. Consider the following statements regarding Exercise 'DHARMA GUARDIAN':

1. It is a joint military exercise between India and South Korea.
2. It is conducted annually.

**Which of the statement/s given above is/are correct?**

- A. 1 only  
B. 2 only  
C. Both 1 and 2  
D. Neither 1 nor 2

**Answer: B**

- Recently, the Exercise 'DHARMA GUARDIAN' commenced at the Foreign Training Node, Chaubattia in Uttarakhand.
- It is the annual joint military exercise between the Indian Army and Japan.
- **The exercise is held alternately in India and Japan .**

27. The joint military exercise Freedom Shield is conducted between which two countries?

- A. South Korea and Japan  
B. United States and Japan  
C. South Korea and the United States  
D. United States and Australia

**Answer: C**

- South Korea and the United States will conduct major joint military drills known as Freedom Shield from March 9 to 19,

28. The high-tempo joint maritime exercise *Kalari Leap* was conducted by which command of the Indian Air Force?

- a) Western Air Command  
b) Eastern Air Command  
c) Southern Air Command  
d) Central Air Command

**Answer: c**

- Southern Air Command of the Indian Air Force has successfully conducted a high-tempo joint maritime exercise, named Kalari Leap, in the Lakshadweep and Minicoy archipelago.
- The Armed Forces Special Operations Division and the Indian Coast Guard also participated

29. The VSHORADS missile system has been developed by:

- a) Indian Space Research Organisation (ISRO)  
b) Hindustan Aeronautics Limited (HAL)  
c) Defence Research and Development Organisation (DRDO)  
d) Bharat Electronics Limited (BEL)

**Answer: c**

- India has successfully conducted three flight tests of the indigenously developed **Very Short Range Air Defence System (VSHORADS) missiles at the Pokhran firing ranges in Rajasthan.**
- The tests, carried out by the Defence Research and Development Organisation (DRDO)

30. 'Prahaar', recently in news, is best described as:

- A. A new ballistic missile system
- B. A border management initiative
- C. A cyber security framework
- D. India's first comprehensive counter-terrorism policy

**Answer: d**

- The Centre has launched 'Prahaar', India's first comprehensive counter-terrorism policy.
- Built on a zero-tolerance approach, it emphasises intelligence-led prevention and coordinated responses to extremist violence.

**31. 'Anjadip' has been built by which shipyard?**

- A. Mazagon Dock Shipbuilders Limited
- B. Cochin Shipyard Limited
- C. Garden Reach Shipbuilders & Engineers
- D. Hindustan Shipyard Limited

**Answer: C**

- The Indian Navy is set to commission the Anjadip, Nicknamed a "Dolphin Hunter," the third vessel under the eight-ship Anti-Submarine Warfare Shallow Water Craft (ASW-SWC) project.
- Built by Garden Reach Shipbuilders & Engineers

**32. INS Sudarshini was built by:**

- A. Mazagon Dock Shipbuilders Ltd
- B. Garden Reach Shipbuilders & Engineers
- C. Goa Shipyard Limited
- D. Cochin Shipyard Limited

**Answer: C**

- The Indian Navy's sail training ship INS Sudarshini arrived at Safaga, Egypt marking a historic port call during its 10-month transoceanic voyage, Lokayan-26.
- It was built by Goa Shipyard Limited and based at Kochi, Kerala under the Southern Naval Command of the Indian Navy.

**33. The "Snow Leopard Squad" has been installed in which Union Territory/state?**

- A. Himachal Pradesh
- B. Jammu and Kashmir
- C. Uttarakhand
- D. Sikkim

**Answer: B**

- For the first time, the Jammu and Kashmir Police has raised a specialised high-altitude combat unit named the "Snow Leopard Squad" to counter terrorists who have shifted their operations to dense forests and mountainous terrain across the Union Territory.

**34. The 'Sky Sting' BVRAAM is being developed by:**

- A. Israel Aerospace Industries (IAI)
- B. Lockheed Martin
- C. Elbit Systems
- D. Rafael Advanced Defense Systems Ltd.

**Answer: d**

- As Prime Minister pays his second state visit to Israel, India is keen to take forward the talks on acquiring the Israeli-origin 'Sky Sting' beyond-visual-range air-to-air missile (BVRAAM) for the Indian Air Force (IAF).
- It is being developed by Rafael Advanced Defense Systems Ltd., an Israeli defense technology company.

**35. The Kombai dog breed derives its name from:**

- A) A tribal community
- B) A river basin
- C) A town in Tamil Nadu
- D) A British officer

**Answer: C**

**36. India has previously hosted the International Fleet Review in:**

- A) Kochi (2000) and Goa (2012)
- B) **Mumbai (2001) and Visakhapatnam (2016)**
- C) Chennai (2005) and Kochi (2018)
- D) Mumbai (1995) and Goa (2010)

**Answer: B**

The International Fleet Review, Exercise MILAN and the Indian Ocean Naval Symposium Conclave of Chiefs will be held in Visakhapatnam from February 15 to 25.

This will be the first time India hosts all three major maritime events together.

India has hosted the review twice earlier, in Mumbai in 2001 and in Visakhapatnam in 2016.

**37. Operation Kiya is best categorised as:**

- A) Counter-terrorism operation
- B) Border fencing operation
- C) Disaster response operation
- D) Peacekeeping mission

**Answer: A**

Operation Kiya is a joint [counter-terrorism operation](#) launched by Indian security forces to neutralise terrorists hiding in remote forest areas of Jammu and Kashmir.

Aim: To track, contain, and eliminate infiltrated terrorists while preventing their movement across districts and safeguarding civilian areas.

**38. Exercise KHANJAR is a joint Special Forces exercise between \_\_\_\_\_ and \_\_\_\_\_.**

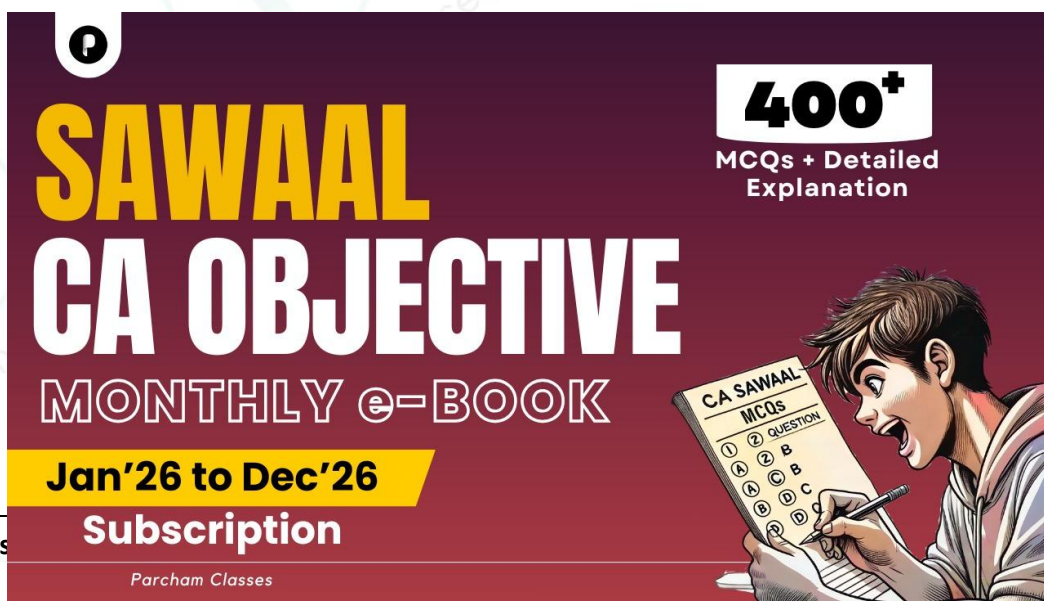

- A) India and Russia
- B) India and Kyrgyzstan
- C) India and Uzbekistan
- D) India and Kazakhstan

**Answer: B**

The 13th edition of the joint military Exercise KHANJAR between India and Kyrgyzstan begins recently at Misamari in Sonitpur district of Assam from February 4 to 17

Exercise Khanjar was first initiated in December 2011, in Nahan, India.

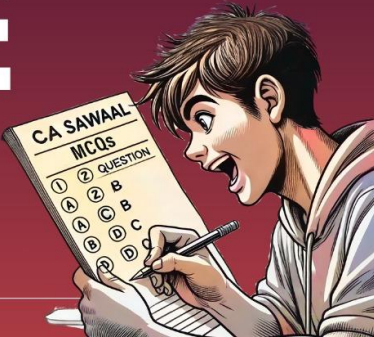

Since then, the exercise has been held alternatively in India and the Kyrgyz Republic every year.

**Subscription**

**400+**  
MCQs + Detailed  
Explanation

**Science & tech**

**1. Jupiter, the largest planet in the Solar System, is now described as being slightly \_\_\_\_\_ and more \_\_\_\_\_ than scientists previously believed, based on recent findings from Juno.**

- A) Larger – spherical
- B) Smaller – flattened
- C) Smaller – elongated
- D) Denser – irregular

**Answer: B**

- Jupiter, the largest planet in the solar system, is slightly smaller and more flattened than scientists previously believed, according to new findings based on data from NASA's Juno spacecraft.
- NASA's Juno mission, scientists calculated Jupiter's equatorial diameter at 88,841 miles (142,976 km).

**2. Suborbital tourism flights typically attain an altitude of approximately:**

- (a) 50 kilometres
- (b) 80 kilometres
- (c) 100 kilometres
- (d) 250 kilometres

**Answer: (c)**

- Suborbital tourism is a form of space travel where paying passengers fly to the edge of space but don't complete a full orbit around the earth.
- These flights typically reach an altitude of around 100 km — a boundary known as the Kármán line and the region beyond which is considered to be space.

**3. Consider the following statements about Perseverance Rover:**

1. It is capable of executing routes planned entirely by onboard AI software.
2. It is part of a mission to search for evidence of ancient microbial life on Mars.

**Which of the statement/s given above is/are correct?**

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

**Answer: C**

- NASA has achieved a landmark in space exploration as its Perseverance rover successfully completed the first autonomous, artificial intelligence–planned drives on another planet.
- drives planned entirely by AI software developed at NASA Jet Propulsion Laboratory.
- Perseverance is NASA's Mars rover exploring Jezero Crater.
- Perseverance Rover - The mission is designed to better understand the geology of Mars and seek signs of ancient life.

**4. Moltbook has been described as:**

- A. A human-only professional networking platform
- B. A social network designed exclusively for artificial intelligence agents

C. A blockchain-based messaging system

D. A gaming platform powered by AI

**Answer: B**

- Moltbook is a new online platform where artificial intelligence agents interact with each other without direct human participation.
- It allows AI systems to post, interact, and exchange information in a shared digital space.

**5. Haven-1 is notable because it is:**

A) The first government-owned modular space station

B) The first private space station in the world

C) The largest space habitat ever built

D) A lunar-orbiting research station

**Answer: B**

- The world's first private space station, Haven- 1, is on track for launch in early 2027 aboard a SpaceX Falcon 9 rocket, designed as a compact, commercial outpost in low Earth orbit.

**6. Arrange the following solar flare classes in increasing order of strength:**

A.  $C \rightarrow M \rightarrow X \rightarrow B \rightarrow A$

B.  $A \rightarrow B \rightarrow C \rightarrow M \rightarrow X$

C.  $B \rightarrow A \rightarrow C \rightarrow X \rightarrow M$

D.  $A \rightarrow C \rightarrow B \rightarrow M \rightarrow X$

**Answer: B**

- Over the past 24 hours, multiple intense solar flares erupted from the Sun, including an X8.3 flare, the strongest recorded so far in 2026.
- Solar flares are sudden, explosive releases of energy from the Sun's surface, driven by changes in its magnetic field.
- Scientists classify them into five categories based on strength: A, B, C, M, and X
- X-class flares are the most powerful,
- Solar flares affect Earth's [ionosphere](#), not the lower atmosphere.
- X8.3 flare, Strongest Solar Flare of 2026

**DST Scientists Develop Photo-Rechargeable Supercapacitor**

- Indian scientists have developed a single-unit solar device that can capture and store solar energy simultaneously, eliminating the need for separate harvesting and storage systems.
- It is a photo-rechargeable supercapacitor—a next-generation energy device that integrates solar energy harvesting and electrical energy storage in a single unit, unlike conventional solar systems that require separate solar cells and batteries/supercapacitors.
- Developed by: Scientists at the Centre for Nano and Soft Matter Sciences (CeNS), Bengaluru
- Under the Department of Science and Technology ([DST](#)), Ministry of Science and Technology
- The device uses binder-free nickel-cobalt oxide ( $\text{NiCo}_2\text{O}_4$ ) nanowires grown directly on nickel foam through an in-situ hydrothermal process.

**7. With reference to Mons Mouton, consider the following statements:**

1. It is located in the Moon's East Circumpolar Region (ECR).
2. It is officially named after Melba Roy Mouton, an ISRO mathematician and computer programmer.

**Which of the statement/s given above is/are correct?**

A) 1 only

B) 2 only

C) Both 1 and 2

D) Neither 1 nor 2

**Answer: D**

- Scientists from ISRO's Space Applications Centre (SAC) have identified a landing zone in the rugged south polar region of the Moon called Mons Mouton for India's first lunar sample return mission, Chandrayaan-4.
- It is situated in the South Circumpolar Region (SCR) of the Moon.

- It is officially named Mons Mouton after NASA mathematician and computer programmer Melba Roy Mouton.

8. With reference to the Agni-3 missile, consider the following statements:

1. It is an indigenously developed surface-to-surface ballistic missile.
2. It is a two-stage, solid-fuelled missile.

Which of the statement/s given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Answer: (c)

- Recently the Intermediate Range Ballistic Missile 'Agni-3' was successfully test-fired from the Integrated Test Range, Chandipur, Odisha.
- It is an indigenously developed intermediate-range ballistic missile (IRBM).
- It is a surface-to-surface ballistic missile.
- The missile is two-stage and solid-fuelled, capable of carrying a 1,500 kg payload.

9. Copernicus Sentinel-2 is primarily classified as a:

- A. Communication satellite mission
- B. Navigation satellite mission
- C. Earth observation satellite mission
- D. Astronomical telescope mission

Answer: C

- The European Space Agency (ESA)'s Copernicus Sentinel-2 mission recently released a stunning high-resolution image of the 2026 Winter Olympic venues across northern Italy.
- It is an Earth observation satellite mission developed by the European Space Agency (ESA).
- It is part of Copernicus – the European Union's Earth observation program.

10. \_\_\_\_\_ has become India's youngest male analog astronaut after participating in a lunar-habitat-inspired space mission.

- A) Aryan Mishra
- B) Vivek Iyer
- C) Rohan Sharma
- D) Aditya Pandya

Answer: D

- 17-year-old Aditya Pandya has become India's youngest male analog astronaut after taking part in a lunar-habitat-inspired space mission in the white plains of Dholavira in Gujarat's Kutch region.

11. The term "wet" in a Wet Dress Rehearsal (WDR) refers to:

- A) Testing during rainy weather conditions
- B) Loading of cryogenic propellants into the rocket
- C) Conducting underwater launch simulations
- D) Testing rocket engines after splashdown

Answer: B

- Recently, NASA found a hydrogen leak during a wet dress rehearsal of its Artemis II mission.
- The "wet" in the name refers to the loading of cryogenic fuel (typically liquid oxygen and liquid hydrogen for large rockets) into the rocket's massive tanks.
- It practices the countdown and important operations without loading cryogenic propellants into the rocket.

12. With reference to the National Large Solar Telescope (NLST), consider the following statements:

1. The NLST is a 50-metre aperture solar telescope.
2. It is being established in the Merak region near Pangong Tso Lake.

Which of the statement/s given above is/are correct?

- A) 1 only  
B) 2 only  
C) Both 1 and 2  
D) Neither 1 nor 2

**Answer: B**

National Large Solar Telescope

- It is a 2-metre aperture solar telescope, coming up in the Merak region near the Pangong Tso Lake.
- Purpose: It is meant to study the sun
- It will operate in the visible and near-infrared wavelengths of the electromagnetic spectrum.

13. Biological E. recently received WHO pre-qualification for which vaccine?

- A. mRNA COVID-19 vaccine  
B. Rotavirus vaccine  
C. Novel Oral Polio Vaccine Type-2 (nOPV2)  
D. Inactivated Polio Vaccine (IPV)

**Answer: C**

- Biological E. has received phase II pre-qualification of the World Health Organisation for its novel oral polio vaccine type 2 (nOPV2).
- The phase II PQ covers both drug substance and drug product manufactured at BE, completing the full manufacturing chain for nOPV2 at a single integrated site.

14. High-Altitude Pseudo-Satellites (HAPS) typically operate at an altitude of:

- A. 5–7 km  
B. 10–12 km  
C. 18–20 km  
D. 35–40 km

**Answer: C**

**Air-Ships Based High-Altitude Pseudo-Satellite (AS-HAPS)**

- HAPS are solar-powered unmanned aerial vehicles designed to operate in the stratosphere at altitudes of approximately 18-20 kilometres,
- HAPS platforms can remain airborne for months or even years using solar power during the day and high-density batteries at night.

15. The major characteristic of the newly developed “Designer Rice” is \_\_\_\_\_.

- A. High starch and high GI  
B. High protein and low glycaemic index  
C. High fat content  
D. Completely gluten-free

**Answer: B**

- The CSIR-National Institute for Interdisciplinary Science and Technology (CSIR-NIIST), Thiruvananthapuram, will officially release a high-protein, **low glycaemic index (GI) rice fortified with essential micronutrients**.
- The ‘designer rice’ is aimed at addressing nutritional security and lifestyle-related health challenges.

16. Consider the following statements:

1. Solar eclipses occur when the Moon lies between the Sun and Earth.
2. They can occur only during the Full Moon phase.

Which of the statement/s given above is/are correct?

- A) 1 only
- B) 2 only
- C) Both 1 and 2
- D) Neither 1 nor 2

**Answer: A**

- A Solar Eclipse shows precise celestial alignment where the Moon's shadow falls on Earth, creating observable changes in sunlight, temperature and sky brightness.
- Solar eclipses occur exclusively during the New Moon when the Moon lies between the Sun and Earth, blocking solar radiation.

**17. Consider the following statements regarding tetanus:**

1. It occurs only in children below five years.
2. Tetanus spreads mainly through airborne droplets.

**Which of the statement/s given above is/are correct?**

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

**Answer: D**

**About Tetanus**

- Tetanus is an acute infectious disease caused by toxigenic strains of the bacterium *Clostridium tetani*.
- The disease may occur at any age and case-fatality rates are high even where intensive care is available.
- **Symptoms:** It causes painful muscle stiffness and spasms and can lead to severe health complications.

**18. Consider the following statements regarding the CHEOPS mission:**

1. It is a spacecraft of the European Space Agency (ESA).
2. It is dedicated to discovering new galaxies in deep space.

**Which of the statement/s given above is/are correct?**

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

**Answer: A**

- ESA's CHAracterising ExOPlanet Satellite (CHEOPS) recently revealed a four-planet system whose outermost world is a small and rocky planet — not a gas giant.
- **It is a European Space Agency (ESA) spacecraft.**
- It is the first space mission dedicated to studying bright, nearby stars that are already known to host exoplanets, **in order to make high-precision observations of the planet's size as it passes in front of its host star.**

**19. The Shalimar Wheat varieties are particularly resistant to which major wheat disease?**

- A. Stem rust
- B. Yellow rust
- C. Powdery mildew
- D. Karnal bunt

**Answer: B**

- **Scientists at Sher-e-Kashmir University of Agricultural Sciences and Technology (SKUAST-K) have developed two new early-maturing wheat varieties to support the rice-wheat cropping system in Kashmir.**
- Shalimar Wheat refers to newly developed early-maturing wheat varieties bred by SKUAST-K through conventional breeding techniques to suit Kashmir's climatic conditions.
- **Disease resistance:** Shows resistance to yellow rust, a major fungal disease affecting wheat in Kashmir.

**20. The Drogue Parachute for the Gaganyaan mission has been developed jointly by:**

- A. Indian Space Research Organisation (ISRO) and Hindustan Aeronautics Limited (HAL)
- B. Indian Space Research Organisation (ISRO) and Defence Research and Development Organisation (DRDO)
- C. Defence Research and Development Organisation (DRDO) and Bharat Heavy Electricals Limited (BHEL)
- D. Indian Space Research Organisation (ISRO) and Bharat Electronics Limited (BEL)

**Answer: B**

- India achieved a key milestone in its human spaceflight programme as **DRDO successfully conducted a qualification-level load test of the Drogue Parachute for the Gaganyaan mission.**
- The Gaganyaan Drogue Parachute is a crucial component of the deceleration system of India's Gaganyaan Crew Module.
- It is deployed during re-entry to stabilize and reduce the velocity of the module before the main parachutes open.
- **Developed collaboratively by Indian Space Research Organisation (ISRO) and Defence Research and Development Organisation (DRDO).**

**21. Juno was launched in 2011 using which launch vehicle?**

- A) Falcon 9
- B) Delta IV Heavy
- C) Atlas V
- D) Ariane 5

**Answer: C**

**22. Suborbital tourism refers to:**

- (a) Travel to the Moon and back
- (b) Travel that completes at least one orbit around Earth
- (c) Space travel reaching the edge of space without completing a full orbit
- (d) Travel beyond the solar system

**Answer: (c)**

Suborbital tourism is a form of space travel where paying passengers fly to the edge of space but don't complete a full orbit around the earth.

These flights typically reach an altitude of around 100 km — a boundary known as the Kármán line and the region beyond which is considered to be space.

**23. Perseverance rover is exploring which location on Mars?**

- A. Gale Crater
- B. Jezero Crater
- C. Olympus Mons
- D. Valles Marineris

**Answer: B.**

**24. The key feature of the new device Photo-rechargeable supercapacitor is that it:**

- A. Generates nuclear energy
- B. Integrates solar energy harvesting and storage in one unit
- C. Works only at night
- D. Requires external batteries only

**Answer: B**

Indian scientists have developed a single-unit solar device that can capture and store solar energy simultaneously, eliminating the need for separate harvesting and storage systems.

It is a photo-rechargeable supercapacitor—a next-generation energy device that integrates solar energy harvesting and electrical energy storage in a single unit, unlike conventional solar systems that require separate solar cells and batteries/supercapacitors.

Developed by: **Scientists at the Centre for Nano and Soft Matter Sciences (CeNS), Bengaluru**

Under the Department of Science and Technology ([DST](#)), Ministry of Science and Technology  
The device uses binder-free nickel–cobalt oxide ( $\text{NiCo}_2\text{O}_4$ ) nanowires grown directly on nickel foam through an in-situ hydrothermal process.

**25. The National Large Optical–Near Infrared Telescope (NLOT) will have an aperture of:**

- A) 2 metres
- B) 8 metres
- C) 10 metres
- D) 13.7 metres

**Answer: D**

**National Large Solar Telescope**

It is a 2-metre aperture solar telescope, coming up in the Merak region near the Pangong Tso Lake.

Purpose: It is meant to study the sun

It will operate in the visible and near-infrared wavelengths of the electromagnetic spectrum.

**National Large Optical–Near Infrared Telescope**

It is a 13.7-metre aperture segmented-mirror telescope which will be built in Hanle.

In a segmented-mirror telescope, a larger primary mirror comprises highly complex, smaller hexagonal mirror segments.

**26. CHEOPS is a mission of which space agency?**

- A. National Aeronautics and Space Administration (NASA)
- B. Indian Space Research Organisation (ISRO)
- C. European Space Agency (ESA)
- D. Russian Federal Space Agency (Roscosmos)

**Answer: C**

ESA's CHaracterising ExOPlanet Satellite (CHEOPS) recently revealed a four-planet system whose outermost world is a small and rocky planet — not a gas giant.

**It is a European Space Agency (ESA) spacecraft.**

It is the first space mission dedicated to studying bright, nearby stars that are already known to host exoplanets, **in order to make high-precision observations of the planet's size as it passes in front of its host star.**

**27. The Drogue Parachute, recently in news, is associated with which mission?**

- A. Chandrayaan-3
- B. Gaganyaan
- C. Aditya-L1
- D. SSLV

**Answer: B**

India achieved a key milestone in its human spaceflight programme as **DRDO successfully conducted a qualification-level load test of the Drogue Parachute for the Gaganyaan mission.**

The Gaganyaan Drogue Parachute is a crucial component of the deceleration system of India's Gaganyaan Crew Module.

It is deployed during re-entry to stabilize and reduce the velocity of the module before the main parachutes open.

**Developed collaboratively by Indian Space Research Organisation (ISRO) and Defence Research and Development Organisation (DRDO).**

## Environment

**1. Epibatidine is best described as a \_\_\_\_.**

- A. Antibiotic compound
- B. Neurotoxin
- C. Hormone

D. Enzyme

**Answer: B**

- **Epibatidine is a natural neurotoxin isolated from the skin of the Ecuadorian poison dart frog.**
- **It was "200 times more potent" than morphine.**
- **Epibatidine can be found naturally in dart frogs in the wild in South America.**

**2. The lake Urmia recently in news is located in which country?**

- A) Turkey
- B) Iran
- C) Iraq
- D) Azerbaijan

**Answer: B**

- Lake Urmia is one of the largest inland lakes located in northwestern Iran.
- Its waters have no outlet, they are highly saline and it is one-fourth as salty as the Dead Sea.

**3. The newly discovered 'bio-warrior' species Nereis dhritiae has been named in honour of:**

- A) India's first woman marine biologist
- B) First woman Director of Zoological Survey of India
- C) A coastal region of West Bengal
- D) A Greek mythological figure

**Answer: B**

- **New 'bio-warrior' species discovered in Bay of Bengal ecosystem**, researchers from the Zoological Survey of India (ZSI), have uncovered two remarkable new marine worm species (polychaetes) from the coasts of West Bengal.
- One species is named Namalycastis solenotognatha, deriving its name from the Greek words "solenotos" (channeled) and "gnatha" (jaw).
- The second species had been named Nereis dhritiae, after the first woman director of ZSI, Dhriti Banerjee.

**4. El Chichón (also known as Chichonal) is classified as a:**

- A) Shield volcano
- B) Cinder cone volcano
- C) Stratovolcano
- D) Caldera volcano

**Answer: C**

- El Chichón, also known as Chichonal, is a stratovolcano situated in the forested terrain of north-central Chiapas, Mexico.
- This volcano is made up of several lava domes and a tuff ring. A tuff ring is a low, wide ring of volcanic ash and rock.

**5. Which country will host the Global Big Cats Summit in 2026?**

- A. Brazil
- B. South Africa
- C. Indonesia
- D. India

**Answer: D**

- India announced that it will host the Global Big Cats Summit in New Delhi in 2026, reaffirming global leadership in wildlife conservation.

**6. Project Himank is implemented by which organisation?**

- A) National Highways Authority of India
- B) Border Roads Organization

C) Central Public Works Department

D) Indian Army Corps of Engineers

**Answer: B**

infrastructure development in the region.

- Project Himank is a project of the Border Roads Organization (BRO) in the Ladakh region of India, which started in 1985.
- Objective: Development of road communication in the Ladakh region.

**7. The NeophyteID application launched in Kerala is best described as:**

A. A climate forecasting mobile app

B. A soil fertility assessment tool

C. A wildlife tracking system

D. An AI application to identify invasive plant species

**Answer: d**

- **Recently, the Kerala chief minister launched the NeophyteID application.**
- It is an AI-powered mobile application designed to help users identify invasive plant species across Kerala.

**8. Odisha recorded its highest marine dolphin population in five years in the 2026 census, with a total of:**

A) 650

B) 702

C) 765

D) 812

**Answer: C**

- Odisha has recorded its highest marine dolphin population in five years, with 765 individuals counted in the 2026 state-wide census.
- It is conducted by the Wildlife Wing of the Forest, Environment and Climate Change Department, Government of Odisha, involving forest officials, marine experts, and field personnel using boat- and shore-based transect surveys.

**9. Tropical Cyclone Gezani recently made landfall in which country?**

A) Madagascar

B) Mozambique

C) Sri Lanka

D) Indonesia

**Answer: a**

- **Tropical Cyclone Gezani Hits Madagascar**
- A **tropical cyclone** is formed only over warm ocean waters near the equator.
- The centre of a cyclone is very calm and clear with **very low air pressure**.

**10. The Sansha Yongle Blue Hole (Dragon Hole) is located in which of the following water bodies?**

A) East China Sea

B) Philippine Sea

C) Yellow Sea

D) South China Sea

**Answer: D**

- The Dragon Hole is the popular name for the Sansha Yongle Blue Hole, a massive marine sinkhole in the South China Sea.
- Blue holes are steep-sided underwater cavities, often formed in limestone landscapes, that later flooded as sea levels rose.

**11. With reference to blue turmeric, consider the following statements:**

1. It is known as Curcuma caesia.
2. It contains very little curcumin but is rich in essential oils, camphor and phenolic compounds.

3. It is commonly used as a culinary spice.

**Which of the statement/s given above is/are correct?**

- (a) 1 and 2 only  
(b) 2 and 3 only  
(c) 1 and 3 only  
(d) 1, 2 and 3

**Answer: (a)**

- India grows its own rare blue turmeric - Naturally bluish-purple in centre, it is an Ayurvedic herb known for its healing and immunity-boosting properties.
- blue turmeric is a rare plant known as Curcuma caesia, also called black turmeric.
- Blue turmeric contains very little curcumin but does contain other active compounds, such as essential oils, camphor, and phenolic compounds.
- less suitable for cooking.

**11. Dalma Wildlife Sanctuary is located in which state of India?**

- (a) Jharkhand  
(b) Chhattisgarh  
(c) Odisha  
(d) West Bengal

**Answer: (a)**

- The Jharkhand tourism minister recently launched a jungle safari and laid the foundation for 30 eco-cottages at Dalma Wildlife Sanctuary in East.
- It is located near Jamshedpur, in the East Singhbhum district of Jharkhand.
- It is situated around the Dalma Hills on the Chottanagpur Plateau.

**12. The Thwaites Glacier is located on which continent?**

- A. Asia  
B. Europe  
C. South America  
D. Antarctica

**Answer: D**

- **Thwaites Glacier** is a large glacier in West Antarctica, about the size of a large country.
- Scientists have often called it the "Doomsday Glacier".

**13. Veerangana Durgavati Tiger Reserve is located in which state?**

- A. Chhattisgarh  
B. Maharashtra  
C. Madhya Pradesh  
D. Rajasthan

**Answer: C**

The Veerangana Durgavati Tiger Reserve in Madhya Pradesh.

- Location: It is located in the state of Madhya Pradesh.
- It encompasses areas within the Nauradehi Wildlife Sanctuary and Durgavati Wildlife Sanctuary.

**14. Which of the following regions is particularly associated with continental mantle earthquakes?**

1. Himalayas in southern Asia
2. Bering Strait region
3. Sahara Desert

**Select the correct answer using the code below:**

- A) 1 and 2 only  
B) 2 only  
C) 1 only  
D) 1, 2 and 3

**Answer: A**

- Recently the Stanford researchers have produced the first global map of a rare type of earthquake i.e. Continental mantle earthquakes.
- These are seismic events which originate in the mantle beneath continents.
- **Occurrence:** They occur worldwide but are regionally clustered, particularly beneath the Himalayas in southern Asia and the Bering Strait between Asia and North America.

**15.The Sangtam tribe is primarily associated with which state?**

- A) Manipur
- B) Nagaland
- C) Arunachal Pradesh
- D) Mizoram

**Answer: B**

- Recently, the apex body of Nagaland's Sangtam community has passed a resolution to protect pangolins.
- The **Sangtam tribe** is one of the sixteen major tribes of Nagaland.
- They are one of the major **Naga ethnic** groups in Northeast India.
- They are concentrated in the **Kiphire and Tuensang districts** of Nagaland, bordering Myanmar

**16.The IUCN Red List status of the Cheer Pheasant is:**

- A. Endangered
- B. Vulnerable
- C. Near Threatened
- D. Critically Endangered

**Answer: B**

- Recently, it is observed that hunting and habitat degradation remain the biggest threats of ground-dwelling **Cheer Pheasant**.

**Conservation Status of Cheer Pheasant**

- IUCN: Vulnerable
- CITES: Appendix I
- Wildlife (Protection) Act, 1972: Schedule I.

**17.The IUCN conservation status of the loggerhead sea turtle is:**

- A. Endangered
- B. Critically Endangered
- C. Vulnerable
- D. Near Threatened

**Answer: C**

- A long-term study published in Animals (2026) shows that **loggerhead turtles are shrinking in size and producing fewer eggs** due to warming oceans and declining marine productivity.
- **IUCN Status:** Vulnerable (IUCN Red List)
- **Long Lifespan** – Can live 70–80 years or more.

**18.The geomorphological type of Piton de la Fournaise volcano is:**

- A. Stratovolcano
- B. Caldera volcano
- C. Shield volcano
- D. Cinder cone volcano

**Answer: C**

- The Piton de la Fournaise volcano on Reunion Island erupted for the second time this year.

- **Location:** It occupies the east-southeastern end of French Island La Réunion in the western Indian Ocean.
- **Type:** It is a massive basaltic shield volcano.

19. The “One Plant Per Day” resolution was launched in which year?

- A. 2019
- B. 2020
- C. 2021
- D. 2023

Answer: C

- Union Minister marked the completion of five years of the “One Plant Per Day” resolution.
- The **One Plant Per Day Resolution** is an environmental initiative launched by Shri Shivraj Singh Chouhan in 2021, under which he pledged to plant at least one sapling daily

20. Recently, three new cubs were born under Project Cheetah. The latest births have taken the country’s total cheetah population to:

- A. 28
- B. 32
- C. 38
- D. 42

Answer: C

- India’s ambitious cheetah reintroduction programme has achieved a fresh milestone as three new cubs were born at Kuno National Park in Madhya Pradesh.
- The latest births have taken the country’s total cheetah population to 38.

21. The ideal soil pH range for the growth of Indian Sandalwood is:

- A. 4.5–5.5
- B. 5.5–6.5
- C. 6.7–7.5
- D. 8.0–9.0

Answer: C

- *Santalum album* L. (Santalaceae) commonly known as Indian Sandalwood is one of the oldest and precious sources of natural fragrance.
- It is known by the name “Chandan” and “Srigandha” in India.
- Soil: Sandalwood grows better in slight alkaline condition soil PH Range between 6.7. to 7.5.

22. *Galathea balasubramaniani*, recently seen in news, was discovered from:

- A. Gulf of Mannar
- B. Lakshadweep
- C. Andaman & Nicobar Islands
- D. Chilika Lake

Answer: B

- Researchers recently discovered a tiny crab species named *Galathea balasubramaniani* from the coral reefs of Agatti in the Lakshadweep Islands.
- It was discovered from the coral reefs of Agatti in the Lakshadweep Islands.

23. The smooth-coated otter is listed under which category in the IUCN Red List?

- A. Endangered
- B. Near Threatened
- C. Vulnerable
- D. Least Concern

Answer: c

- Smooth-coated otters were officially recorded for the first time in Nandhaur Wildlife Sanctuary, Uttarakhand.
- Conservation Status : Listed as Vulnerable on the International Union for Conservation of Nature (IUCN) Red List.

**24. A tuff ring is best described as:**

- A) A tall volcanic cone made of solid lava
- B) A deep underground magma chamber
- C) A low, wide ring of volcanic ash and rock
- D) A narrow fissure eruption vent

**Answer: C**

El Chichón, also known as Chichonal, is a stratovolcano situated in the forested terrain of north-central Chiapas, Mexico.

This volcano is made up of several lava domes and a tuff ring. A tuff ring is a low, wide ring of volcanic ash and rock.

**25. Project Himank primarily operates in which region of India?**

- A) Sikkim
- B) Arunachal Pradesh
- C) Ladakh
- D) Himachal Pradesh

**Answer: C**

infrastructure development in the region.

Project Himank is a project of the Border Roads Organization (BRO) in the Ladakh region of India, which started in 1985.

Objective: Development of road communication in the Ladakh region.

## National

**1. With reference to the Ol Chiki script, consider the following statements:**

1. It evolved from the Brahmi script tradition.
2. It uses a one-symbol-one-sound phonetic system.

**Which of the statement/s given above is/are correct?**

- A. 1 only
- B. 2 only
- C. Both 1 and 2
- D. Neither 1 nor 2

**Answer: B**

- Ol Chiki is the official writing system of the Santhali language, a major tribal language of India.
- It is a scientifically designed script created to represent Santhali sounds accurately.
- Unlike borrowed scripts (Roman, Bengali, Odia, Devanagari), Ol Chiki was built specifically for Santhali phonetics.
- Indigenous design philosophy – Not adapted from Brahmi or Roman roots.

2. Consider the following statements regarding the Motion of Thanks:

1. It is discussed only in the Lok Sabha.
2. It must be passed, failing which it amounts to the defeat of the government.

Which of the statement/s given above is/are correct?

- A. 1 and 2 only  
B. 2 only  
C. 1 only  
D. Neither 1 nor 2

**Answer: B**

- Both Houses of the Parliament will take up motion of thanks on President Murmu's address (February 2, 2026), following the presentation of the Union Budget on (February 1, 2026).
- The Motion of Thanks is a parliamentary procedure in which a formal motion is presented to express gratitude or appreciation for the President's Address to both Houses of Parliament.
- The Motion of Thanks must be passed in the House. Otherwise, it amounts to the defeat of the government.

3. As per the Constitution, a proclamation under Article 356 (President's Rule) must be approved by Parliament within:

- A) One month  
B) Two months  
C) Three months  
D) Six months

**Answer: B**

- President Murmu has revoked the President's Rule proclamation issued by her under the article 356 of the constitution last year in relation to the state of Manipur.
- The proclamation must be approved **by both Houses of Parliament within two months as per Article 356 (3)**.
- It allows the President to take over State governance based on the Governor's report or other inputs.

4. the Devnimori archaeological site is located in which state?

- A) Rajasthan  
B) Madhya Pradesh  
C) Gujarat  
D) Maharashtra

**Answer: C**

- India is set to undertake a profound gesture of spiritual outreach and cultural diplomacy through the exposition of the sacred Devnimori Relics of Lord Buddha in Sri Lanka.
- The Devnimori Relics originate from the Devnimori archaeological site, located near Shamlaji in the Aravalli district of Gujarat.
- It was first explored in 1957 by eminent archaeologist Prof. S. N. Chowdhry

5. SabhaSaar Initiative is best described as:

- A) A blockchain-based land record platform  
B) An AI-powered voice-to-text and meeting summarisation tool  
C) A biometric attendance system  
D) A satellite-based village mapping system

**Answer: B**

- SabhaSaar is an AI-powered voice-to-text and meeting summarisation platform designed to automatically generate structured Minutes of Meetings (MoM) from Gram Sabha and Panchayat meeting recordings.
- Launched in: 14 August 2025

6. Which of the following best distinguishes *Bharat Taxi* from private ride-hailing aggregators?

निम्नलिखित में से कौन सी बात भारत टैक्सी को प्राइवेट राइड-हेलिंग एग्रीगेटर्स से सबसे अच्छी तरह अलग करती है?

- A) Drivers receive government salaries
- B) Drivers are registered as platform employees
- C) Drivers become cooperative members, shareholders, and co-owners
- D) Drivers operate only government-owned vehicles

**Answer: C**

- The Union Cooperation Minister will launch India's first cooperative-based ride-hailing platform, "Bharat Taxi," at Vigyan Bhavan, New Delhi.
- Bharat Taxi is India's first cooperative-led ride-hailing platform registered under the Multi-State Cooperative Societies Act, 2002.
- It is India's first cooperative taxi network, allowing drivers to become shareholders and co-owners.

**7.The loan provided under Yuva Sahakar Scheme is:**

- A) Short-term loan up to 1 year
- B) Medium-term loan up to 3 years
- C) Long-term loan up to 5 years
- D) Interest-free grant

**Answer: C**

- Yuva Sahakar – Cooperative Enterprise Support and Innovation Scheme" aims to **encourage newly formed cooperative societies with new and/or innovative ideas.**
- It encourages young entrepreneur Cooperative Societies which are in operation for a minimum of 3 months.
- Loan Facility: **The loan provided under the scheme is a long-term loan (up to 5 years) and as an incentive, NCDL provides 2% interest subvention** on its applicable rate of interest on term loan for the project activities

**8.With reference to the removal of the Lok Sabha Speaker, consider the following statements:**

1. Article 94 provides for the vacation, resignation and removal of the Speaker and Deputy Speaker.
2. No-confidence motions against the Lok Sabha Speaker have been moved thrice in 1954, 1966 and 1987.
3. The minimum notice period required is 7 days.

**Which of the statement/s given above is/are correct?**

- A) 1 and 2 only
- B) 2 and 3 only
- C) 1 and 3 only
- D) 1, 2 and 3

**Answer: a**

- The Opposition moved a no confidence motion against Lok Sabha Speaker Om Birla.
- Yes, the process does not apply to the Rajya Sabha or Council of States.
- the Speaker or the Deputy Speaker can be removed from office by a resolution of Lok Sabha passed by a majority of all the then members of the House.
- Article 94, per se, provides for the vacation, resignation and removal of those occupying the offices of Speaker and Deputy Speaker; the rules in this regard, however, are stringent
- No-confidence been submitted against a Lok Sabha Speaker or Deputy Speaker in the past - Thrice in the past in the years 1954, 1966 and 1987.
- This notice may be given by two or more members jointly – but no resolution for the removal of such officials moved under clause (c) can be moved unless at least fourteen days' notice has been given of the intention to move the resolution.

**9.Which of the following correctly describes SAMUDRA 2.0?**

निम्नलिखित में से कौन SAMUDRA 2.0 का सही वर्णन करता है?

- A. A monolingual tsunami alert system
- B. A satellite-only weather forecasting tool

- C. An upgraded multilingual advisory platform for ocean information  
D. A coastal inundation vulnerability index

**Answer: C**

- Indian National Centre for Ocean Information Services (INCOIS) will be launching three new ocean information services: JellyAIIP, SAMUDRA 2.0 Mobile App, and SIVAS along with a new logo during the foundation day celebrations.
- SAMUDRA 2.0 Mobile App: It is an upgraded multilingual advisory platform delivering ocean information and early warnings to fishermen and maritime users.

**10. AI-Preneurs of India is best described as:**

- A. A government AI policy framework  
B. A funding scheme for AI startups  
C. A flagship coffee table book documenting AI startups  
D. An AI regulatory authority

**Answer: C**

- The Atal Innovation Mission (AIM) under NITI Aayog launched AI-Preneurs of India at the India AI Impact Summit 2026. **AI-Preneurs of India is a flagship coffee table book that documents the journeys of 45 pioneering AI startups solving real-world problems.**

**11. BODH (Benchmarking Open Data Platform for Health AI) has been developed by:**

BODH (बेंचमार्किंग ओपन डेटा प्लेटफॉर्म फॉर हेल्थ AI) को किसने डेवलप किया है:

- A. All India Institute of Medical Sciences (AIIMS) New Delhi and NITI Aayog  
B. Indian Institute of Technology (IIT) Kanpur and National Health Authority (NHA)  
C. Defence Research and Development Organisation (DRDO) and Indian Space Research Organisation (ISRO)  
D. Ministry of Electronics and Information Technology (MeitY) and National Informatics Centre (NIC)

**Answer: b**

- The Union Minister of Health and Family Welfare will launch two key national initiatives namely SAHI and BODH at the India AI Summit at Bharat Mandapam
- The Benchmarking Open Data Platform for Health AI (BODH) developed by the Indian Institute of Technology Kanpur in collaboration with the National Health Authority.
- It is a **privacy-preserving benchmarking platform that enables rigorous evaluation of AI models using diverse, real-world health data without sharing underlying datasets.**

**12. Consider the following statements regarding the Swavalambini Scheme:**

1. It is a women entrepreneurship programme.
2. It focuses only on providing collateral-free loans to women.

Which of the statement/s given above is/are correct?

- A) 1 only  
B) 2 only  
C) Both 1 and 2  
D) Neither 1 nor 2

**Answer: A**

- **The Swavalambini Scheme** is a woman Entrepreneurship Programme which empowers young women with the skills and confidence needed to establish their own businesses.
- It introduces a structured, multi-stage training approach to help young women transition from ideation to successful enterprise creation.

**13. Form 7, recently seen in news, is related to which of the following?**

हाल ही में खबरों में आया फॉर्म 7 इनमें से किससे जुड़ा है?

- A) Filing nomination papers for contesting elections  
B) Objection to inclusion or request for deletion of a name in the electoral roll

- C) Registration of a new political party  
 D) Declaration of election expenditure by candidates

**Answer: B**

- Form 7 has become controversial during the ongoing Special Intensive Revision (SIR)
- Form 7 is a statutory form used to object to the inclusion of a name (one's own or another person's) in the electoral roll on specified grounds such as death, duplication, shifting of residence, ineligibility by age or citizenship, or misrepresentation.

**14. Who among the following is the only Indian Prime Minister to have been awarded the Nishan-e-Pakistan?**

- A) Atal Bihari Vajpayee  
 B) Indira Gandhi  
 C) Morarji Desai  
 D) Manmohan Singh

**Answer: C**

- PM Museum to get copies of Morarji's Nishan-e-Pakistan, Bharat Ratna from Gujarat Vidyapith**
- THE MAHATMA Gandhi-founded Gujarat Vidyapith** will be sharing replicas of the highest civilian awards of India and Pakistan — **the Bharat Ratna and the Nishan-e-Pakistan** — awarded to the **late Prime Minister Morarji Desai**, with the Prime Ministers' Museum and Library (PMML) at the Teen Murti Bhavan, Delhi as part of a Memorandum of Understanding between the two institutions in 2024.
- Desai is the only Indian prime minister** to have been awarded the **Nishan-e-Pakistan**, given to him on **May 18, 1991** — a few months after he was awarded the Bharat Ratna in March that year.

**15. Recently, the Union Government issued fresh guidelines regarding the rendition of Vande Mataram. Consider the following statements:**

- Only the first two stanzas of the original composition are to be sung at specified official functions.
- It is mandatory to play *Vande Mataram* in cinema halls before films.

**Which of the statement/s given above is/are correct?**

- A) 1 only  
 B) 2 only  
 C) Both 1 and 2  
 D) Neither 1 nor 2

**Answer: D**

- The Union Government has issued fresh guidelines mandating the singing of all six stanzas of 'Vande Mataram' at official functions.
- the original composition by [Bankim Chandra Chatterjee](#) be sung at specified government functions.
- Total duration prescribed:** 3 minutes and 10 seconds.
- Exception:** Not mandatory in cinema halls when played as part of films or newsreels.

**16. With reference to the Capacity Building Commission (CBC), consider the following statements:**

- It is the executive body under the Mission Karmayogi framework.
- It is a constitutional body established under Article 315 of the Constitution of India.

**Which of the statement/s given above is/are correct?**

- A) 1 only  
 B) 2 only  
 C) Both 1 and 2  
 D) Neither 1 nor 2

**Answer: A**

**What is Capacity Building Commission?**

- It is the executive body of the Mission Karmayogi framework, to drive civil service reforms through capacity building and competency-based learning.
- It works to strengthen the human resource foundations of the government by focusing on developing individual and institutional capacities, promoting citizen-centric governance, future readiness.

**17. Consider the following statements regarding the PM-SURAJ portal:**

1. Loans under PM-SURAJ are transferred directly to beneficiaries' bank accounts.
2. Business loans up to ₹50 lakh are available at low interest rates through the portal.

**Which of the statement/s given above is/are correct?**

- A) 1 only  
B) 2 only  
C) Both 1 and 2  
D) Neither 1 nor 2

**Answer: a**

- Pradhan Mantri Samajik Utthan evam Rozgar Adharit Jankalyan (PM-SURAJ) portal was launched by the **Ministry of Social Justice and Empowerment in 2024.**
- Objective: To provide credit support to entrepreneurs from disadvantaged sections of society virtually.
- It is a centralised platform where individuals from underprivileged backgrounds **can apply for and track the progress of** all available loans and credit schemes.
- **Business loans up to Rs 15 lakh** are available at **low interest rates** through this portal, which are transferred directly to your bank account through banks, NBFC-MFIs, and other financial institutions.

**18. Consider the following statements regarding Parliamentary Privileges:**

1. Article 105 deals with privileges of Parliament and its members.
2. A privilege notice can be moved if a member is obstructed from performing parliamentary duties.

**Which of the statement/s given above is/are correct?**

- A. 1 only  
B. 2 only  
C. Both 1 and 2  
D. Neither 1 nor 2

**Answer: C**

- A Privilege Notice is a formal complaint raised by a Member of Parliament (MP) alleging that a breach of privilege or contempt of the House has occurred.
- Article 105 – Powers, privileges and immunities of Parliament and its Members (for Parliament).
- Article 194 – Similar provisions for State Legislatures.

**19. A Substantive Motion in Parliament is best described as:**

- A. A procedural interruption during Question Hour  
B. A self-contained proposal seeking the formal decision of the House  
C. A private communication between members  
D. A notice to adjourn the House
